Product description

- The combination of the compact dimensions (only 1,22 m width) and a 90° steering angle promises maximum flexibility
- An electro-hydraulic drive ensures even during long working cycles the necessary power reserves
- The proportional control for all functions of the working platform (driving, lifting, lowering) guarantee precisely and smooth operations
- With a working height of 22,50 m it's easy to realize high rack- and installation works in medium high altitudes
- A load capacity of 600 kg on the platform maneuver workers including materials and tools easily vertical upwards
