## Self-propelled Scissor lift

12,85 m Working height

1,93 m Total width

indoor + outdoor

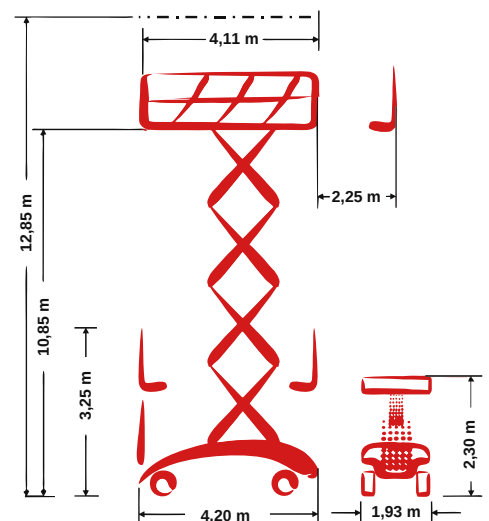

## Technical specifications

|                                                                                     |                                  |          |                                                                                      |                               |                         |
|-------------------------------------------------------------------------------------|----------------------------------|----------|--------------------------------------------------------------------------------------|-------------------------------|-------------------------|
|    | Working height                   | 12,85 m  |    | Platform extension (scissors) | 2,25 m                  |
|    | Platform height                  | 10,85 m  |    | Steigfähigkeit                | 20 %                    |
|    | Lift capacity                    | 900 kg   |    | Speed - stowed                | 2,40 km/h               |
|    | Lift capacity platform extension | 900 kg   |    | Speed - raised                | 0,40 km/h               |
|    | Total length                     | 4,20 m   |    | Antriebsart                   | Electro-hydraulic drive |
|    | Total width                      | 1,93 m   |    | Battery capacity              | 625 Ah                  |
|    | Total height                     | 3,25 m   |    | Area of application           | indoor + outdoor        |
|    | Wenderadius Außen                | 3,90 m   |    | People indoor                 | 4                       |
|   | Transporthöhe                    | 2,30 m   |   | People outdoor                | 4                       |
|  | Total weight                     | 7.860 kg |  | Drivable at full height       | Yes                     |

## Product description

- The quiet and emission-free electro-hydraulic drive is e.g. ideal for assembly works in closed warehouses
- The front-oscillating axle makes an excellent traction at outdoor areas with difficult and uneven grounds possible
- A standard differential lock ensures dynamic propulsion
- By a hydraulic extension the platform can be enlarged to a gigantic max. 6.36 m x 1.88 m mega-deck
- The complete mega deck is equipped with 900 kg load capacity
