

# PB DINO 12EZ

## Self-propelled articulated work platform

11,55 m Working height

1,19 m Total width

indoor + outdoor

## Technical specifications

|                                                                                     |                  |          |                                                                                      |                         |                  |
|-------------------------------------------------------------------------------------|------------------|----------|--------------------------------------------------------------------------------------|-------------------------|------------------|
|    | Working height   | 11,55 m  |    | -                       |                  |
|    | Platform height  | 9,55 m   |    | Speed - stowed          | 5,00 km/h        |
|    | Lift capacity    | 230 kg   |    | Speed - raised          | -                |
|    | Total length     | 5,50 m   |    | Turning radius outside  | 3,25 m           |
|    | Total width      | 1,19 m   |    | Drive type              | -                |
|    | Total height     | 1,98 m   |    | Battery capacity        | 330 Ah           |
|    | -                | -        |    | Area of application     | indoor + outdoor |
|    | -                | -        |    | People indoor           | 2                |
|  | Transport height | 2,45 m   |  | People outdoor          | 2                |
|  | Total weight     | 6.550 kg |  | Drivable at full height | Yes              |
|  | Gradeability     | 35 %     |                                                                                      |                         |                  |

## Product description

- Advanced design with strong rigidity and low boom deflection
- Precise and efficient AC motor for powerful performance and stable control
- $\pm 90^\circ$  boom rotation offers great flexibility
- 11.55 m working height and robust 6.85 m horizontal outreach for all height directions
